SMART TRANSPORTATION INITIATIVES

SITIE
2018 WINTER ANNUAL MEETING
UT CONFERENCE CENTER

February 27, 2018
Advantages

- An individual would NOT be able to use the 'Grandpa's Fundraising Plan'.
- Ticket sales can easily change as needed.
- Accommodate permits for the registered Standard Accessible point.
- URT Parking will have no issues and is more convenient for the service provider.
- URT Parking provides clear access points to the event.
- URT Parking ensures access to the event.
- URT Parking can provide clear access to the event.
Advantages
- An individual would NOT be able to use "Grandpa's" handicapped placard
- Ticket writers can easily check to see that the UT Accessible permit matches the registered State issued Accessible permit
- UT Parking will have a database of individuals who require access
  - UT Parking will know where the demand is for faculty and staff (and maybe even students)
  - UT Parking can better locate accessible spaces in areas of high demand (due to the ADA, there are limitations on the areas we will have some flexibility)
Presented by:
