

Amy Burch, P.E.

Amy Burch is a professional engineer with RPM Transportation Consultants in Nashville. Amy obtained a Bachelor of Engineering Degree in Civil Engineering from Vanderbilt University and a Master of Science Degree in Transportation Planning and Engineering from Polytechnic University (now New York University Tandon School of Engineering). Amy is a registered Professional Engineer in Tennessee and has over 12 years of professional transportation engineering experience.

Amy has a strong background in traffic impact analysis. Prior to joining RPM in 2008, Amy worked for a traffic engineering consulting firm in New York City, where she was responsible for conducting traffic studies for a number of major development projects in the city.

Since joining RPM, Amy has served as the lead traffic engineer for various mixed-use, commercial, and residential developments, which require traffic impact studies, shared parking studies, and transportation master planning. Amy has a strong commitment to multi-modal transportation solutions, planning, and design. Amy has experience in facilitating public meetings and working with stakeholders to reach consensus on transportation projects.

Amy has been an active and involved member of ITE since joining as a student and attending the 2004 SDITE annual meeting in Covington, Kentucky. During her four years living in New York City, she was a member of the Met Section and joined TSITE upon returning to Tennessee. Amy has served on the TSITE Technical Committee since 2012 and helps to organize TSITE sponsored webinars across the state throughout the year. Amy served as the Public Relations, Marketing, and Communications Committee Chair for the 2016 SDITE Annual Meeting in Nashville. Amy served TSITE as a 2014/2015 Section Representative, and in 2014, she participated in the Tennessee class of SDITE's leadership program. Amy is currently a member of the 2016 LeadershipITE class, which has been a tremendous learning experience and an opportunity to build relationships and engage with other transportation professionals in the organization.

In years past, Amy has volunteered as the professional sponsor for two senior design teams at Vanderbilt University. She advised the teams throughout the school year as they worked on their transportation focused projects. Amy often volunteers at Big Brother Big Sisters of Middle Tennessee fundraising events and the Tennessee State MATHCOUNTS competitions. She is also a member of Tennessee Society of Professional Engineers (TSPE) and Urban Land Institute, Nashville Chapter (ULI).

Amy lives in East Nashville and loves traveling, cooking, planning and hosting events, listening to audio books, and being outdoors.
